10 STEPS TO A SAFE HOME SHOWING

Realtors, take control with these steps

Confirm that neither the seller or the buyer have any symptoms of illness or Covid-19

Showing blocks should be offered in showing instructions

All parties should wear a cloth face covering or mask and wash hands to follow the CDC recommendations.

Ask the seller to open all doors and cabinets in spaces that should be seen by buyers

Post signage on door:
1-Wait to enter until invited
2- Do not touch surfaces or use bathrooms

Kindly announce required safety precautions everyone must observe during the showing block

Remind people to wait outside and remain at least 6 feet apart

Give each group a brief tour and remind everyone to stay 6 feet apart

Repeat this process with each group for the entire block of showings

After last group leaves, homeseller must disinfect all doorknobs, surfaces, and railings
